I am not a fan of white wine. However, the [La Cantina Pizzolato Moscato](#) is amazing! It is made with 100% organically grown White Moscato grape, fermented with vegan-friendly yeasts, is Non-GMO project verified, and it tastes incredible. This is a perfect wine to serve to your guests at a dinner party or to pair with dessert. It also would go great with a bubble bath after a long day at the office.

Now, I am by no means a wine connoisseur, but I definitely know a good wine when I taste one. Natural Merchants Selection describes this wine as having a color brilliant, pale yellow with nice, creamy bubbles, and it has a good balance of fruit flavors with harmonious acidity. They also mention it has a penetrating fragrant hint of sage and peach. The cute bottle is captivating, I was entranced by the aroma of the amazing wine, and my taste buds had a party in my mouth when I tasted the wine.

If you are looking for an amazing vegan wine to try at your next party or for your next relaxing night at home, this is it! It can be located at Whole Foods and other fine retailers nationwide with a suggested retail price of \$13.99-14.99. It was developed by Settimo Pizzolato, a 5th generation winemaker. All of the La Cantina Pizzolato wines are Certified Vegan by the Vegan Society of the UK.
